

MV-106

Specifications

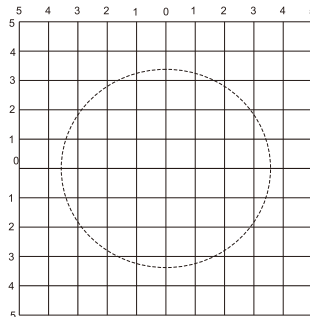

Detection Range	6m diameter at 2.4m mounting height
Mounting Height	2.3m – 4.0m
Operating Power	8-16VDC
Microwave Frequency	10GHz
RF Immunity	20V/m,10-1000MHz; 10V/m,1000-2000MHz
Adjustable sunset sensor	100 lux – 3000 lux
Operating Temperature	-10°C to +55°C
Dimensions	D93x 38mm

Product Features

- Microwave technology to ensure high sensitivity
- Adjustable 5s – 30min for Delay-Off time
- Adjustable sunset sensor to enable lighting only when ambient light is low
- Adjustable sensitivity for different applications / environments
- LED indicator for testing purpose
- Spring Clips Mount for drop ceiling & Trim Ring for solid ceiling
